BRIEF FACTS OF THE CASE

On 09-08-2026 at about 20:50 hrs, API Rajesh Pawar received reliable information from a source that a person would come near the Magarpatta Road bus stop to hand over ganja (cannabis) to a buyer. A team of one API, two police constables and a woman constable was formed. Two independent panch witnesses were called after notice was given to them.

At about 21:30 hrs the accused, Vikram Joshi, arrived on a motorcycle bearing registration MH-12-XX-4821 carrying a black duffel bag. He stopped near the bus stop and began speaking on his mobile phone. When a second person approached him, the team moved in. The second person, later identified as Sameer Khan (fictional) (accused no. 2), ran from the spot and has not been traced. The accused was stopped and told of his right to be searched before a Gazetted Officer or Magistrate under Section 50 of the NDPS Act. He chose to be searched by the police team in the presence of the panch witnesses, and this was recorded in writing.

The search of the bag recovered two transparent plastic packets holding dried green flowering tops and leaves. A field test kit indicated cannabis (ganja). The material weighed 8.5 kilograms in total. This is more than the small quantity (1 kilogram) and less than the commercial quantity (20 kilograms) for ganja,

and falls in the intermediate quantity category. Two samples of 50 grams each were taken, sealed and labelled in the presence of the panch witnesses. The remaining quantity was sealed separately. A motorcycle, one mobile phone and Rs 6,400 in cash were also seized.

The accused stated that he was supposed to hand the bags to a person named Sameer for a payment of Rs 15,000 and that he had received it from an unknown person near Kharadi two days before. Call records and messages show contact between the accused's phone and the number used by Sameer Khan on six occasions between 05-08-2026 and 09-08-2026. The accused's bank account shows no unusual transactions.

REMARKS OF THE INVESTIGATING OFFICER

1. The accused has a fixed residence in Pune, has no earlier case, and cooperated with the investigation. There is no record of him evading police action.
2. The mobile data extraction and the FSL report are pending. The remaining quantity and samples are in safe custody. Evidence is mostly documentary and with the police, so tampering by the accused is unlikely, but the mobile phone data may contain contacts that are still being traced.
3. The second accused, Sameer Khan, is absconding. A search is on and proceedings under Section 84 BNSS may be sought. Witnesses 4 and 5 are independent residents of the area and have not complained of any threat.
4. Points that may arise at the bail stage: the quantity recovered (8.5 kg of ganja) is intermediate, not commercial, and the prosecution has not relied on Section 37 of the NDPS Act for commercial quantity; compliance with Section 50 and the chain of custody of samples; the accused's role as a carrier compared with the absconding second accused; the delay in receiving the FSL report.
5. The investigation against the absconding accused remains open under Section 193(9) BNSS. This charge sheet is filed on 02-10-2026, which is within the period allowed for completing the investigation.

PRAYER

It is prayed that cognizance be taken, accused Vikram Joshi be summoned for trial under the sections stated above, and the property in the case be dealt with as per law.
